DJ ChillOut

BAND STORY

"

It all began when i first heard some party breaks in a german internet radio in 2004.

Inspired by these Partybreaks from e.g. DJ LBR and DJ Sub Zero 1 year later i tried to mix an acapella over an instrumental what dreadfully failed but full of enthusiasm i occupied myself with the DJ and Producer business and produced my first Blends and Remixes in January 2005 which i gave to some friends. After many positive feedback i tried to better myself in producing and i bought my first turntables.

In 2006 i produced a few Partybreaks which were played in many internet radios and some Clubs and made me become a bit more famous.

I recognized that the people like my style so i tried to send my tracks to some DJ's to play it in the club.

In 2007 i met DJ OGB who promoted my Remixes and Partybreaks.

Through him i met DJ S-Code who suggested me 1 years later to apply for an official AV8 DJ - so i did it.

Today after over 2 million views in Youtube and other video sharing websites and thousands and thousands of downloads of my remixes and partybreaks and a well known name in the scene i still set myself the target to become as good as my ideals.
